Dear Mr Brons,

**RE: OUTSTANDING CLEANING BILL & PERJURY ALLIGATIONS**

Council is in receipt of your email dated 13 December 2018 (Council Ref: #5959312) wherein you demand that the outstanding Cleaning Bill to Council be paid in full and the questions of perjury be answered.

In 2009 the then Acting Chief Executive Officer, Peter Tabulo provided correspondence to you (Council ref: #2143161), advising that Council would not be investigating further as you would not give permission for Council Officers to enter your property to set up the statutory required dust monitoring equipment. In this correspondence you were given the opportunity to provide a report to Council prepared by a National Association of Testing Authority (NATA) accredited laboratory demonstrating that a dust nuisance was being emitted. As Council did not receive a report as requested no further investigation of this matter was undertaken.

Council would like to reiterate that as stated previously in a letter to you dated 18 October 2010 (Council ref: #2759329) Council will not be paying the accrued cleaning bill.

As per previous correspondence I again refer you to Council's letter of 31 March 2010, in which you were advised that the actions taken by Council were appropriate and that there was no illegal activity being undertaken by Council. The then Chief Executive Officer further advised that no further action would be taken unless anything new or substantively different was raised by you. As there is no substantive additional information in your correspondence no further action will be taken by Council in this matter.

Council now considers this matter to be finalised and as such will not be entering into any further correspondence regarding the abovementioned issues. Any further correspondence received from you regarding these issues will be saved into Council's Document Management System however no response will be provided.

Yours sincerely

John Andrejic  
Chief Executive Officer
